Letter from the Director

In early April of 2002 a group of us opened the doors on the first No Brand Con. It was the first anime convention in Wisconsin, only the third in the midwest, and in retrospect kind of a ridiculous thing for a bunch of 21 and 22 year olds to think they could put together. 115 people showed up to that two day event at the UW-Eau Claire student union, but it started this very strange, ongoing journey.

I'm not going to lie, in the twenty years this con has run I've avoided this seat for most of them. I shared the responsibility for our first event with three other people (though if we're all honest we let Terence do most of the work), and later took up the mantle for our 2009 convention and actually, y'know, had to do the job on my own. When the original convention director for No Brand Con XIX had to resign mid-pandemic, I ended up stepping in from my intended semi-retirement.

And here we are.

I cannot begin to explain how much this convention has meant in my life, nor can I begin to thank all of the people who have put so many hours into this event. In two decades we've outlasted three venues, seen the literal demolition of two of them, and had countless people walk through our doors to become No Brand Heroes themselves. Our of those of us who started this, we've grown up, gotten married, some had kids, and we've lost some beloved team mates along the way.

I don't know if this is necessarily the most important thing I'll ever do (though it's certainly the only thing that's earned the notability for a Wikipedia page), but I just want to make sure you know how much we appreciate you coming. No Brand Con is and always will be a 100% volunteer run, non-profit event. None of us are being paid to be here, and we're doing it for the love of this community.

A community you're a part of now.

This has been the strangest year to plan for, especially since No Brand Con XIX has technically been scheduled for three different dates before this. Many of our staff have changed positions because of personal circumstances, and we've had to rebook our guest list more than once. We've had to trim some events because of the pandemic as well, though thankfully not as many as we thought we might have to. I know that some of our long time attendees can't be here because of the policies we've had to take due to the ongoing pandemic, but we're hopeful that this will be a safe, fun(n) event for everyone involved.

We appreciate every single one of you, and I think we can all rise to the challenges that come before us. Let's all have an amazing No Brand Con 2022!

-Trae Dorn, Convention Director

Volunteering

No Brand Con is a 100% volunteer run event, and did you know it's incredibly easy to join the team? Just ask any of our team about volunteering for No Brand Con.

If you're willing to volunteer ten hours of work, we'll reimburse you for your badge too, and give you a free No Brand Con volunteer shirt. Just stop by our staff room on the second floor if you have any questions.

In Memoriam - Paul "The Herald" Holmen

Back in December of 2020 we were gutted by the loss of long time No Brand Con staffer Paul "The Herald" Holmen.

Paul joined our staff during the first No Brand Con, and was our first (and longest serving) Head of Equipment. He helped almost every Anime con in Wisconsin at some point, and worked events all over the Midwest and beyond.

When we were just a rag-tag group of misfits twenty years ago, he sometimes would end up doing the job of an entire crew. At teardown, he was always the last to go home, and honestly without his hard work in those early years No Brand Con likely wouldn't have survived. Frankly there are things he worked on and did that are still present in parts of the con today, including portions of this program guide. Without Paul, this wouldn't be the con it is today.

We miss you, Paul. It's not the same without you.

Convention Rules

COVID-19 Safety

All attendees of No Brand Con are required to provide proof of vaccination for COVID-19 to No Brand Con Staff. Failure to do so at the registration table upon arrival, unless other arrangements to provide proof of vaccination have been made, will result in ejection from the convention without refund. Additionally attendees are required to wear adequate masks in all convention spaces or when interacting directly with No Brand Con staff or activities.

Children 12 and Under

Children ages 12 and under must be registered at the door and must be accompanied by a supervising adult at all times. There will be no exceptions to this rule. If a child is found without supervision, the supervising adult will be ejected from the convention.

No Brand Con is an event geared towards teens and adults. Events are often not appropriate or very interesting for small children. Children under the age of six will be admitted for free, but this is offered only as a courtesy to attendees who may have to bring along small children.

Harassment Policy

No Brand Con has a zero-tolerance harassment policy. No Brand Con is dedicated to providing a harassment-free conference experience for everyone, regardless of gender, gender identity and expression, sexual orientation, disability, physical appearance, body size, race, age or religion. The definition of harassment includes (but is not exclusively) acts of systematic and/or continued unwanted and annoying actions of one party or a group, including threats and demands. We do not tolerate harassment of conference participants in any form. Conference participants violating these rules may be sanctioned or expelled from the conference without a refund at the discretion of the conference organizers. During the convention, incidents of harassment can be reported to any staff member. One can always be found on duty in our convention operations Staff Room (as noted on the map in the program guide). They will alert either the Convention Director or Floor Manager on duty to assist you. For those who cannot physically locate a staff member (or need to file a report of harassment after the convention), a report can be made by emailing us at contact@nobrandcon.org.

Pets and Animals

According to hotel policy, the only animals allowed in the hotel are Certified Therapy and Service Animals.

Weapons Policy

No Brand Con has a “no live steel” policy. Swords, Knives, and other bladed objects are not to be carried into con space. Any bladed weapons purchased at the convention must be immediately removed from the convention space once they leave the vendor booth and should be secured in either a hotel room or vehicle. **Firearms and associated ammunition are strictly prohibited from the convention.**

Additionally, any prop guns must have a visibly displayed orange tip, and must be peacebound. Airsoft weapons are prohibited from convention space, and any Nerf weaponry must have their triggers peacebound outside of designated events. Aluminum and Wooden Baseball bats, blunt metal clubs, or similar weapons are also prohibited.

Please be mindful of size with prop weapons. If you feel like your prop is too large to safely walk in hallways, don't carry it. If we find you are not responsibly handling your prop, we will ask you to place it in your room or car.

Alcohol and Other Substances

Use of illegal substances in the convention space will result in immediate ejection. Alcohol is not permitted in convention space, and should remain in the bar or your hotel room. It's a whole ten feet guys, we're not being unreasonable.

Per Wisconsin state law, tobacco use is banned from the convention space. Additionally, please keep any e-cigs or similar vaporizers outside of the convention space, hallways, or rooms used by the convention.

Dress Code

Your clothes/cosplay/etc must be family and hotel friendly. This includes covering all genitalia so they are not visible (even through clothes), and ensuring no 'slips' occur. Dance belts or compression shorts are recommended for those wearing skin tight body suits and pants. If a staff member asks you to change, please do so.

Hate Symbols and Associated Iconography:

As we strive to provide a welcoming, safe environment for all attendees, symbols associated with historical atrocities and current hate groups are strictly forbidden from the convention. This includes (but is not limited to) swastikas, Nazi uniforms, cosplays closely based on Nazi uniforms, and paraphernalia associated with these organizations. While in an ideal world it would be easy to separate fictional characters who wear these items from real world events, in our current political climate we do not believe it is possible. Anyone wearing or displaying an item of clothing, prop, or other item considered a hate symbol will be asked to remove it from the convention and refusal to do so will result in ejection from the convention without refund.

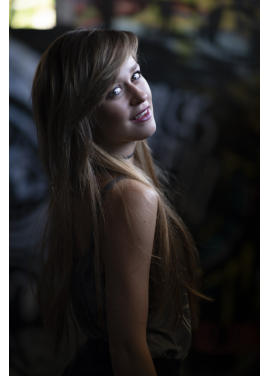

Additional Terms

By Registering For No Brand Con you are agreeing to abide by the rules and policies set forth by No Brand Con, Inc while in the convention space. We reserve the right to, at our discretion, refuse service to and/or eject without refund any person not following convention policies or being disruptive to the convention. No Brand Con Inc. also reserves the right to photograph and/or video tape you for its own use while you are in the convention space, and reserves the right to use that image in official convention materials. Attendance of No Brand Con constitutes as your acceptance to these terms.

Guests

Lewis “Linkara” Lovhaug

Lewis “Linkara” Lovhaug is a comic book YouTuber most known for making excessively long videos about children’s media where people in spandex punch rubber suited monsters. When not battling robots, Lovecraftian monster Gods, and evil doppelgangers on his main show “Atop the Fourth Wall,” he’s ranting about the worst dreck the comic book industry has ever thought up and then dressing up like a ghoul to analyze horror comics. And then he remembers “Oh, yeah, people like it when I talk about Power Rangers, don’t they?” and proceeds to release another retrospective on it.

Strange Land Costuming

Stace Feldmann (he/they) is a professional tailor and cosplay-maker with over 20 years of experience making costumes for both clients and personal use. Owner of Strange Land Costuming, a commission service operating since 2001, they have made over 200 individual costumes for clients including Miss Wisconsin and the Fresco Opera. Their own cosplay closet includes no less than 25 active costumes and a lifetime of almost 70 just for themselves, with 18 major awards in competition including Best in Show at CONvergence and Costume-Con. Stace isn’t just an experienced maker, they’ve been a cosplay panelist for 20 years, guest at San Japan and other conventions, and speaker for PechaKucha, as well as cosplay judge, contest director, and emcee. When not in the sewing room, they are probably watching One Piece.

DJs

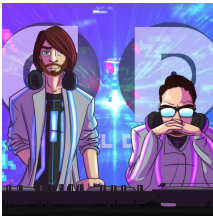

Drazz

Drazz (Richard Townsend) has been working the decks since 2012. A self-proclaimed geek, his love of music stretches from EDM to classical and everything in between. ...Except country (sorry!). The styles he gravitates to are electro-house, progressive, and hardcore. One of these days he'll work on drum & bass.

Ursa Major

Ursa Major started spinning four years ago, making his live performance debut at No Brand Con 2019. The Coronavirus pandemic made it so that he didn't have many opportunities to hone his craft in front of a live audience. Instead he's been practicing at home and is ready to return to No Brand, bringing you some Electro House and Big Room/Mainstage.

Channel Divinity

Introducing a brand new DJ project nightlife at X-Geek Media Channel Divinity. Featuring the talents of Jason "Liquid86" Bruner and Eric "Alhon" Olp, Channel Divinity dusts off their turntables and vinyl collection to bring a fusion of old and new. Featuring the latest Trance and Progressive bangers mixed up just right with expertly curated club classics and techno, this one of a kind performance will take your breath away and leave you begging for more.

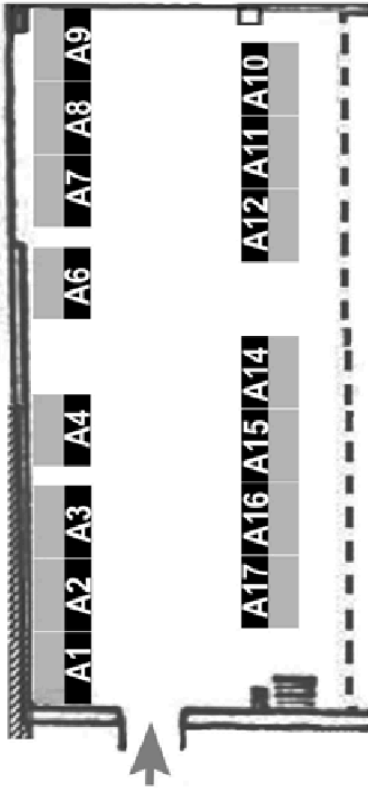

*Liquid86 will also be doing a solo set at No Brand Con

Dirty Ice

Since breaking into the convention scene in 2014, you've heard Dirty Ice spin conventions throughout the Northern Midwest, such as Geek Kon, Kitsune Kon, and Anime Detour. Running the dance at No Brand Con, Dirty Ice turned their "iTunes playlist" dance into an influential convention rave in the midwest, attracting DJs from across the country, all while refining her own DJ skills. She'll spin whatever suits her: a filthy blend of future and electro house, aggressive midtempo and future bass, or some classic dirty drum and bass.

NO BRAND CON PUZZLE HUNT

SOLVE PUZZLES - WIN PRIZES

Welcome, con-goers! Since ~~last year's~~ ~~the year before last year's~~ the 2019 No Brand Con, Duct Tape Boy and the rest of the No Brand Heroes have been broadening their culinary horizons. Some have had more success than others... but at least Duct Tape Boy can make a mean PB&J now!

Given the convention's new status as a gastronomical hotspot, the Heroes have decided to host a high-stakes cook-off tournament: Duct Tape Chef! By solving the puzzle here in the program guide and eight others on posters around the convention, you can demonstrate your superiority in a variety of culinary domains and collect a set of premium ingredients (that is, the puzzle answers). Record these ingredients on the card below as you find them. If you manage to collect all nine premium ingredients, you can attempt a final cooking challenge, the Nine-Course Meal, to be crowned the Duct Tape Chef!

Bring answers for any puzzles you solve to Closing Ceremonies at 4:00 PM on Sunday in Panel Room 1. Each correct answer you bring will give you a chance to win a prize. Those who complete the Nine-Course Meal will additionally have a chance to win free preregistration for next year's No Brand Con!

Let the tournament begin! Today's secret ingredient is... Puzzles!

Cooking Challenges (Puzzles)	Aesthetic Plating	_____	Premium Ingredients (Answers)
	Afternoon Tea	_____	
	Alphabet Soup	_____	
	Bento Box	_____

BENTO BOX

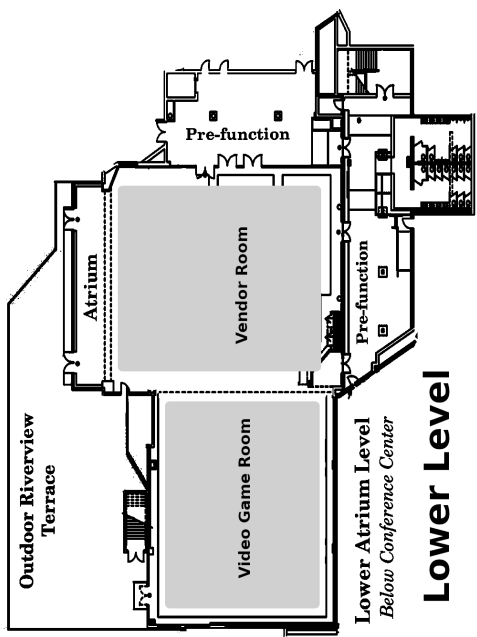

Let's begin your culinary conquest by putting together a mouth-watering bento box! You'll need to subdivide the 9x9 grid below into 9 rectangular compartments, with each compartment containing a different type of food plus a little extra seasoning!

Break up the grid into rectangular compartments such that reading the letters in each one (either in ROWS or COLUMNS) from the upper-left square gives you the name of a food, PLUS ONE EXTRA LETTER.

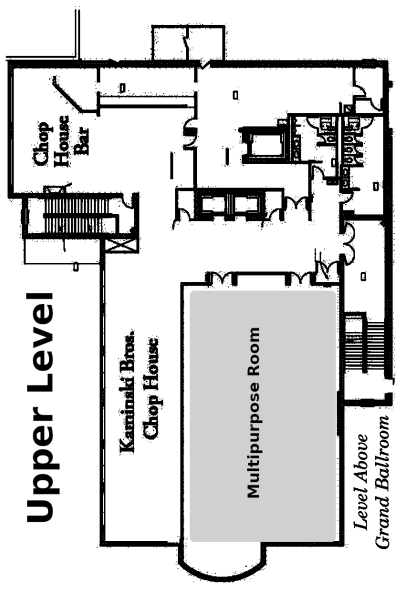

The first compartment (in the upper left corner of the grid) has been done for you. Reading the 8 letters in that compartment by rows gives you "CH, NI, CK, EN". That's "CHICKEN", plus an extra "N".

Once you've identified the 8 remaining foods, arrange all 9 extra letters alphabetically by the foods they were found in to complete your mastery of bento boxes and learn the answer to this puzzle!
